Haimovici Vascular Surgery is a leading provider of vascular care in Blain and surrounding areas. Our board-certified vascular surgeons specialize in treating a wide range of vascular conditions, including:

- Varicose veins
- Arterial disease
- Carotid artery disease
- Aortic aneurysm
- Deep vein thrombosis (DVT)
- Pulmonary embolism (PE)
- Diabetic foot ulcers

We are committed to providing our patients with the highest quality of care, using the latest techniques and technologies. Our surgeons are experienced in both minimally invasive and open surgery, and we will work with you to develop a treatment plan that is tailored to your individual needs.

## **Minimally Invasive Vascular Surgery**

Minimally invasive vascular surgery is a less invasive alternative to open surgery. This type of surgery is performed through small incisions, which can reduce pain, scarring, and recovery time.

Haimovici Vascular Surgery offers a variety of minimally invasive vascular surgery procedures, including:

- Endovascular therapy
- Laser ablation
- Radiofrequency ablation
- Sclerotherapy

## **Open Vascular Surgery**

Open vascular surgery is a more invasive type of surgery that is typically used to treat more complex vascular conditions.

Haimovici Vascular Surgery offers a variety of open vascular surgery procedures, including:

- Arterial bypass

- Carotid endarterectomy
- Aortic aneurysm repair
- Deep vein thrombosis (DVT) repair

## Our Commitment to Quality

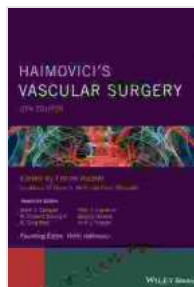

Haimovici Vascular Surgery is committed to providing our patients with the highest quality of care. We are accredited by the Joint Commission, which is the nation's leading healthcare accreditation organization.

Our surgeons are board-certified by the American Board of Vascular Surgery, and they are actively involved in clinical research. We use the latest techniques and technologies to provide our patients with the best possible outcomes.
